Please use a separate line for each activity.

When determining the costs for future years (e.g. 2028 and 2029), consider if an allowance for inflation (using Consumer Price Index) should be applied. It is recommended you use 3% each year. Providing an in-kind contribution (either financial or your own labour) can be a great way to improve the value of your application. If proposing in-kind labour, please cost your in-kind labour at \$60/hr. If proposing an in-kind financial contribution please specify the \$ amount of the contribution.
